

The industry's most advanced background screening solution

OIG/GSA SCREENING

Faster, more accurate screening at a significantly lower price.

OIG/GSA List Screening for Healthcare

Ensuring a compliant and secure working environment is a major concern for healthcare organizations, and penalties can be severe for those that hire or work with parties included on the Department of Health and Human Services' Office of Inspector General (OIG) and the U.S. Government Services Administration (GSA) exclusion lists. Verified Person's comprehensive OIG/GSA screening solution can help your organization to more effectively ensure compliance at a significantly lower price.

Ensure accuracy and compliance

OIG and GSA list screening is generally based on a simple name search, which can lead to missed records or high numbers of false positives. Assure™ searches are based on all known aliases and use a more complete address history to ensure an exact record match. And since the OIG and GSA exclusion lists are sometimes outdated, Verified Person can also enhance the basic search with a national criminal search to identify infractions that will qualify an individual for OIG exclusion in the near future.

More efficient, cost-effective search

OIG recommends that "...employees, contractors and medical and clinical staff [be] checked routinely (e.g., at least annually)" against OIG and GSA lists, but following this guideline can be prohibitively time-consuming and expensive. With Assure, Social Security Number verification and other steps in the screening process are streamlined and automated, resulting in significant cost savings for your organization. Our solution also eliminates the hassles of ongoing screening by running continuous checks automatically and sending a notification when an employee or contractor is added to an exclusion list.

About Us

Verified Person provides the industry's most advanced background screening and identity verification services, applying innovative technologies to an outdated industry in order to deliver faster, more accurate results at a significantly lower price. Contact us at sales@verifiedperson.com for more information.
